GENERAL INFORMATION

DIE CHARGES FOR CUSTOM MADE IN THE USA PRODUCTS: Die charges are a one-time charge. Price is based on complexity of design and size, includes an emailed image of an impression of the die. Changes to die may incur additional costs. We hold and maintain dies for your exclusive use until no longer needed. If you need to take physical possession of dies there will be a \$75.00 service fee. Once a die leaves our factory we will not be responsible for condition of the die. Die charges are payable in advance.

DIE CHARGES FOR CUSTOM IMPORTED PRODUCTS: Die charges are a one-time charge. Price includes factory art for proofing. Dies are held for 3 years from last date of use. Physical possession of dies is not available. Die charges are payable in advance.

PRODUCTION PROOFS: Actual production samples can be made upon request. Once dies are approved we manufacture 2 pieces. Cost is approximately \$75.00 for the 2 pieces.

DIE MODIFICATION FOR YEARLY AWARDS: Depending on the initial design, sometimes dies can be modified after initial use. Best example is date changes for an annual award. Often the modification is less expensive than the initial die charge. Since the process of modification can weaken the tool steel we do not guarantee the working condition of a modified die.

DESIGN TIPS: View art at the actual size of the product before submitting. If art is not clear and legible when viewing at the product size, it will not be clear and legible on the finished product itself.

For color we require an outline of metal to surround each color. Like in a coloring book, color stays inside the lines. ID (inside dimension) needs to be no smaller than 5/64".

ARTWORK FOR CUSTOM DIES: Vector EPS line art required. No placed images in the file and fonts to be converted to outlines. If provided art is not production ready and manipulation is necessary a charge of \$60.00 and up may be incurred. For detailed 3D sculpted designs such as animals, buildings, portraits or vehicles our die engravers will require photographs in addition to vector art for reference.

PRODUCTION FOR MADE IN THE USA CUSTOM PRODUCTS: Die engraving is 2-4 weeks, product is 15-20 working days from approval of die impression. Reorders are 5-15 working days. Contact us for production on large quantities. Rush service may incur additional costs. Shipping is not included in production time.

PRODUCTION FOR MADE IMPORTED CUSTOM PRODUCTS: Paper proof 2-3 days, product 20-30 working days. Reorders are 20-25 working days. Contact us for production on large quantities. Rush service may incur additional costs.

OVER-RUNS / UNDER-RUNS: We always attempt to ship exact quantities. However, we reserve the right to ship and bill 2% over or under the quantity ordered.

ENGRAVING: Most custom and stock items can be engraved. The process we use is diamond drag and engraving is oxidized for a crisp clean look. For logos, vector EPS line art is required, fonts converted to outlines and no placed images. For straight line copy engraving, contact us for an engraving form. If requested we can provide engraving proof. Initial proof is free of charge. Revisions will be done for an added cost. Proofs may add to production time. Engraving sent in an unusable format may incur service fees.

CANCELATIONS AND QUANTITY CHANGES: Canceled orders in production are subject to all costs of manufacturing at time of cancellation. Quantity changes may incur additional costs.

SHIPPING AND HANDLING: Shipping times and costs are in addition to production time and unit prices. We ship via Ups, FedEx and USPS. Orders ship via Ups ground unless requested otherwise. We can ship freight collect on customers account, handling services will be added to the invoice. Unless requested otherwise we insure all shipments over \$100.00 for lost or damaged packages. We are not responsible for carrier delays.

RETURNS: All returns must be made within 2 weeks from time of receipt of shipment. Returns require prior approval. Custom items cannot be returned. Stock items can be returned and are subject to a 20% restocking fee. Returned stock items must be returned in resalable condition to receive credit.

SPLIT AND DROP SHIPMENTS: Contact us for pricing. Pricing will vary based on number of ship to locations.

COPYRIGHTS, REGISTRATION MARKS AND TRADEMARKS: Customer shall defend, hold harmless and free of all liability Mint Masters regarding copyright, registrations mark or trademark infringements and/or disputes. Mint Masters assumes the customer has permission to use registered designs, marks, logos, graphics and other artwork submitted for the express purpose of reproduction. Customer agrees to assume any and all responsibility or demands against Mint masters resulting from copyright, registration mark and trademark infringement. Custom designs or logos on products shown in this catalog have been reproduced as examples of our manufacturing processes. They are not for resale nor are the construed as endorsements.

ABOUT US: Founded in 1987, Mint Masters is a family owned and operated manufacturer and importer of stock and custom coins, key tags, lapel pins medals and medallions. With one and one half generations of manufacturing experience we pretty much know what we are doing. Sure there are many companies that can provide some of the products and processes we offer. But there are very few that actually manufacture and import. We are able to provide high end prestigious products as well as the budget sensitive.

DELAYS OR MISSED DELIVERIES: Mint Masters makes every effort to ensure that your order ships on time. If any unexpected situations occur that may delay production, we will contact you. We will not be held liable for any acts of nature, unforeseen production delays, carrier difficulties or any situations out of our control that may delay a shipment or cause a missed delivery.
